Cytowave Therapy is part of the natural healing process. While it has been proven scientifically to accelerate healing in most cases, the service provider cannot guarantee any outcome. Cytowave, LLC is solely responsible for any claims that it makes for its product.			
* Services are due and payable at the time of service, and may be paid for with either cash, check, or major credit card. Billing may be offered at the discretion of the service provider.			
** Concurrent - two sites in close proximity receiving the same treatment simultaneously. Some restrictions may apply.			
***Services may require boarding at the Train Robbery Farm facility in Georgetown, KY, and/or supervision under a licensed veterinarian depending upon the nature of the injury being treated. Contact Rattner Bloodstock (502) 570-9600 for information.
